### Our National Crisis: Can We Survive?

(From The Montreal Star, February 6th, 1936)

The session of Parliament that has opened today will be the most important in the history of this Dominion, — the most important for one crucial reason: because this country is on the verge of disaster, nearer to a smash than it has ever been, nearer than it was in 1929, when the economic world rocked about our ears and it seemed as if we were plunging directly into the maelstrom.

There are people who will pretend that this is alarmist talk, people who declare that there is no evidence of a national crisis, who point to increased trade as proof conclusive that Canada is all right. Such purblind folk are either deliberately hiding their heads in the sand or else mentally incapable of reading what is written plainly upon the wall. The simple truth is that we are face to face with a crash which, unless it is averted, will blast this country's future and lead us into an economic darkness of such density and duration as to stagger the imagination.

Municipal insolvency, Provincial insolvency, Federal insolvency,—that is the triple condition that lies directly ahead of us; and no amount of juggling with trade figures can alter the facts.

The causes creating such hopelessness cannot be overcome by any possible trade improvement. We are in the condition of a hopeless spendthrift. Frankly speaking, THE CANADIAN WEST IS BANKRUPT. Only the financial resources of the Federal Government can defer collapse. And those resources are being rapidly weakened because our liabilities are so far ahead of our available revenues that unless we call a halt, nothing short of a miracle can save us. Scores of cities and towns from east to west are in a similar condition, calling frantically upon their Provincial governments to come to their assistance, in order that they may continue to function. From the Federal administration down to the smallest municipal body, it is the same story,—deficit piled upon deficit, no balancing of budgets, and no relief in sight, save such as is dreamed of by those who mistake the shadow for the substance and who are incapable of realizing that the way of reckless extravagance and continual balances on the wrong side of the ledger leads to one and only one thing—Ruin.

Millions of Canadians who are stirred by a real fear of their country's collapse are hoping with a pathetic and passionate sincerity that the Government of the day will display such determined courage, supported by all loyal members of the Opposition, as will make possible a great adventure to rescue the country.

With unity of purpose and action, supported by the strength and goodwill of all classes and all creeds, the blackness of the present outlook may be lightened by some gleam of hope. If ever there was a time when the politicians of Canada should forget party rivalry and bend their efforts to save the country, that time is NOW.

The Star says with all the earnestness and solemnity of which it is capable that in view of the known facts, any members of Parliament who dare to place the goal of mere party advantage and party gain above the salvation of the State will brand themselves as traitors, beyond forgiveness and deserving of but one fate. Upon their hands will be the entire responsibility for the crash that seems inevitable, and the people of this Dominion will know well whom to blame and how to visit upon them the reward their treachery will so richly merit.

But we refuse to believe that in this momentous hour, when our fate is quivering in the balance, there is not sufficient patriotism, sufficient sense of honor, of decency, of duty, in the Dominion Parliament to ensure a united effort to save the country. The old adage that it is the duty of an Opposition to oppose no longer holds good; the national crisis demands a greater concept of loyalty to the State. Those not of the Government party should halt and reflect before they carp.

Grave decisions have to be made. The Government now in office was sent to Ottawa by such an overwhelming majority as to leave no possible doubt of the alarm of the people. The nation not only asks, but demands, that the Government shall save it, shall set our tottering financial house in order, shall take such steps as are necessary—no matter how drastic, no matter how fraught with temporary suffering, to pull us up before we plunge over the verge.

Our situation is such that despite the huge Government majority, we can only be assured of a chance of recovery if all parties agree to forget party and to present one common front in the hour of national peril.

It will require courage, great courage, backed by a resolute determination not to be turned aside by any considerations of party interests, local interests, or any other sort of interest save that of the State. REMEDIAL MEASURES WILL HURT; WE SHALL HAVE TO PAY THE PRICE OF PAST FOOLY. LET THERE BE NO MISTAKE ABOUT THAT. BUT UNLESS WE ARE PREPARED TO DO SO, THERE IS NO HOPE.

Is there in Parliament today—and outside of it—enough love of country to ensure a gigantic united fight to win our way back to prosperity, to sane, economically sound administration? Is there enough courage to do desperate things, to enforce desperate remedies, to the end that eventual salvation may crown such efforts?

That is the question the people of Canada are asking the Parliament of Canada today. And the people await the answer with grim realization that unless it is in the affirmative, this country's future will be such as no man or woman dares to contemplate.

The eyes of the nation are upon the chosen representatives of the people of Canada in Parliament assembled. Their responsibility is great; but so also is their power to shoulder it. There can be no question of evasion. The issue is plain.

They cannot continue to play party politics against the security, the happiness, the very life of this Dominion which they are pledged to safeguard.

### History of Common Vegetables Interesting

"History of the Commonly Used Vegetables" provided an unusually interesting topic for the meeting of the North and South Saanich Horticultural Society held on Thursday in Wesley Hall. W. H. Warren, superintendent of the Victoria Parks Board, was the guest speaker and received a hearty vote of thanks for the excellent address.

The attendance was rather small, owing to weather conditions, but all who were present went away with a considerably broader outlook on the everyday vegetable.

### THORNBURY AT JERSEY CATTLE CLUB MEETING

Saanich Jersey Cattle Club met at Capt. C. F. Gibson's home — "Woodcote," North Saanich — on Monday, Feb. 3rd, with President Burbridge in the chair and a good muster of members and friends and after routine business had been cleared away G. H. Thornbury of the "milk records" in the dairy department presented some very interesting results of his study of the records of certain animals of the Jersey breed.

The first animal considered was a cow with five very good butterfat records: Her sire had no recorded sisters or half sisters and only one recorded daughter, (herself). Her dam was good but had no recorded sisters and only one recorded daughter (herself). Her daughters (three) though sired by outstanding bulls had no records. Her sons (three), the offspring of an excellent bull, had only one recorded daughter.

In the absence of records it must be assumed that these animals were failures compared with the cow considered and it may be inferred that breeding from an exceptional cow of a family will be a failure, and that better results would be got from a recorded cow which has many close relatives with good records.

In conclusion the speaker presented a tabulated analysis of the results of using 70 bulls having Mount Hope indices which will probably form a subject to study at a future meeting.

The next meeting of the club will be held at Major Macdonald's, "Duntulm," North Saanich, on March 2nd, when W. S. Wainwright will speak.

### MRS. ROCHFORD NEW REGENT OF THE I.O.D.E.

The annual meeting of the Allies' Chapter, I.O.D.E., was held in the Guide and Scout Hall, Sidney, on Feb. 6th.

The annual reports of the secretary and treasurer were then read. Reports were also received from each branch of work, including the reports of the educational secretary, the echoes secretary, the convener of child welfare, the H.M.S. Endeavour Chapter, the 14th I.O.D.E. Guide Company, and the 6th I.O.D.E. Brownie Pack. In each report much work and enthusiasm was shown.

The election of officers took place, resulting in the following being elected:

Regent—Mrs. O. J. Rochford.

First Vice-Regent—Mrs. R. C. Layard.

Second Vice-Regent—Mrs. G. Johnston.

Secretary—Miss M. Goddard.

Treasurer—Mrs. P. J. Baker.

### Roads, Drains, Etc., Are Considered

The regular monthly dinner meeting of the Sidney Business-men's Association took place at the Avenue Cafe on Wednesday evening last, Feb. 5th, with 16 members present, Hugh J. McIntyre presiding.

As a tribute to the memory of the late King George V. members stood in silence for two minutes.

After enjoying a very tasty meal the business session got under way with the reading of the minutes of the last meeting held at the Sidney Hotel, which were adopted as read.

G. A. Cochran, chairman of the town planning committee, reported progress and a discussion followed regarding sidewalks or lack of sidewalks on many streets. It was finally decided by unanimous vote to write to Alex. McDonald, local M.L.A., requesting that he take this matter up with the proper authorities.

Everett Goddard, chairman of the fire protection committee, reported that he had secured a place to house the fire equipment from the Canadian Credit Men's Association, namely the double garage in the big red building at the corner of Beacon Avenue and Second Street. The premises are being given for the use of housing the fire equipment gratis, with permission from the fire underwriters. This accommodation is subject, of course, to the sale of the building. Members heaved a sigh of relief when the announcement was made and the secretary was instructed to write and thank the Credit Men's Association through F. F. King, Sidney representative—for their co-operation in this matter.

Further discussion continued regarding fire equipment, and in particular regarding the booster tank constructed by the Marine Iron Works in Victoria. The tank has now been delivered in Sidney by courtesy of Sidney Freight Service. This tank is a very substantial looking affair and will hold 100 Imperial gallons, and is so constructed that it can be filled while the pump is working—if there is any water available. The bill for the work on the tank and the material—\$19.52—was ordered paid as soon as funds are available. Thanks are due to the Marine Iron Works for building this tank at cost or even less, as regular price, including the brazing in of valves and pipes would have left very little of \$50.00.

Now that the tank has arrived the fire protection committee plans to hasten its installation on the big

truck in connection with the pumping unit.

The seeding of the boulevards on Beacon Avenue is being considered and preparation of the ground is expected to be undertaken shortly for the seed.

The question of the construction of a burner at the garbage and rubbish dump on the waterfront, at the foot of Bazan Ave., was referred to Fred Wright and Alex. McDonald, M.L.A., for final action. We understand the health department will assist to the extent of \$200.00 in this connection. The present dump is being used by local truck men very successfully in disposing of many loads of cans, garbage, rubbish, junk, etc. A little later the accumulated pile will be saturated with oil and burnt.

Considerable discussion took place regarding drainage on Beacon Avenue and the odors emitted at the end of the drains at the foot of the street. Finally the secretary was instructed to write to the health department regarding the same.

A letter was also ordered to be written to the Minister of Public Works regarding the condition of roads in the district, several requests from residents of the district being received that this association endeavor to get action.

F. F. King was elected a member of the association and will be welcomed next meeting.

A letter was read from the North and South Saanich Agricultural Society requesting that the president of the association act on their board of directors. Members expressed the desire of assisting the society and the president will accordingly act.

The question of dredging out Roberts' Bay for the purpose of making a suitable place for large type fishing boats to lay up in the winter months is to be looked into by the port committee. The port committee will also endeavor to secure improvements at Beacon Avenue wharf, including a light for night lighting.

Dr. M. D. McKichan of Toronto was welcomed to the association as a new member.

The following members were in attendance: Alex. S. Warrander, Everett Goddard, W. N. Copeland, Owen Thomas, G. Gray, H. H. Shade, Geo. L. Bnal, W. Peddle, T. Pohl, P. G. Bowcott, G. A. Cochran, Frank L. Godfrey, A. W. Hollands, Samuel Roberts, M. D. McKichan, Hugh J. McIntyre.

The next dinner meeting will take place at the Sidney Hotel on Wednesday, March 4th, at 6:15 p.m. sharp.

### Gulf Islands Hospital Asset To District

The Lady Minto Gulf Islands Hospital completed its twenty-second year on Friday evening when the annual meeting, presentation of reports and election of officers for 1936 took place. The meeting was held in the Mahon Hall, Ganges, with W. M. Monat, the government representative and president of the board of directors, in charge.

A large attendance of members was present and reports of receipts and expenditures showed the financial condition of the hospital to be in a most satisfactory condition with a substantial balance to carry forward.

The expenditures for the year were \$510 in excess of actual receipts, this is accounted for as follows: A nurses' home has been built, an additional half-acre of land adjoining the hospital was purchased, a new set of batteries for electric light plant, also a considerable amount of new hospital equipment were purchased, the interior of the hospital was renovated, an extra nurse has had to be employed practically all through the year and the salaries of the staff have been increased. Notwithstanding these extra heavy expenditures, there is still a credit balance of \$1,237.00.

It has again been a record year in the number of hospital days, with a total of 3,931 in comparison with 269 per month, the per capita cost being \$2.29. The special drive organized by the board for new members resulted in the membership now standing at 286 adults and 69 children, an increase of 57 for the year.

The grateful thanks of the board of management are again extended to the many individuals

who have again so generously donated cash, groceries and other provisions, and to the Ganges Chapter, I.O.D.E.; the South Salt Spring and Ganges Women's Institutes, the Sunshine Guild and the Auxiliary of the Hospital, for the great assistance given in keeping up the furnishings of the institution.

In Mr. Monat's address he stated the board had received a heavy blow in the resignation of the matron, Miss M. Tait, who had during her three years in office, done so much for the success of the hospital. Dr. E. H. Lawson also paid a high tribute to the matron and staff.

While ballot papers were being prepared, various matters pertaining to the institution were discussed, an enlargement of the hospital is necessary, namely, an addition to the existing building, the erection of an entirely new building, building on to the nurses' home and turn the nurses' old quarters in the hospital into extra wards, the making of a sound-proof room and other improvements. All of these suggestions will be taken into consideration by the new board of directors before final arrangements are made.

The ballot resulted in the election of the following: Mrs. A. Secones, Mrs. A. Inglis, Mrs. L. D. Drummond, Mrs. M. B. Monat, A. F. P. C. H. H. A. G. Crofton, W. J. Page, A. R. Bittancourt, Roy, C. H. Popham. From these, secretary and treasurer will be nominated. The chairman, W. M. Monat, is appointed by the government. D. S. Harris and T. F. Speed were re-elected as auditors.

SIDNEY, V.I., B.C., Wednesday, February 12, 1936.

IN the Winter of 1861 "Dutch Bill" and his two partners crossed the ridge of Mount Agnes and the golden Cariboo lay before them. The creek on which they located was called in his honor, Williams Creek . . . and then began one of the most sensational gold rushes in the world's history. By 1863 the Cariboo Road was completed. Barkerville was flourishing. Light-nine Creek, Antler Creek, Lowhee and Keithley produced millions. These were great days, too, for Victoria—the port where thousands entered the province. Here on Discovery Street, near Government, where the present brewery stands—beer was brewed by men who were masters of their craft. Today, the tradition has been handed down from father to son, and throughout British Columbia these famous brews are known and respected. Wherever you go you'll hear "Island Beers Are Best."

A report of the recent dental clinic was given by Mrs. W. B. Johnston, secretary of the committee, telling of the splendid work accomplished by Dr. Frank Young with the assistance of the Department of Health. Some 80 children received dental attention at this clinic, held at the home of Mrs. Johnston, including pupils from Saturna and South Pender schools also, while a number of adults took advantage of the opportunity of having dental work done. A letter of thanks will be forwarded to Dr. H. E. Young, of the Department of Health, for having made this clinic possible.

### Recreational and Physical Education

Many locally have taken a great deal of interest in the possibility of the establishing of a government physical and recreational centre in North Saanich and have also taken part in a number of classes held in Victoria. As we announced last week no such centre for this district is possible just at present so for the information of men and boys locally we are printing below the schedule of classes held in Victoria.

An important change has been made in the arrangements for the holding of these classes. The usual Monday afternoon class is cancelled, and in its place the High School gymnasium has been secured for classes every Tuesday evening from 7:30 p.m. to 9 p.m. Present members and new members are invited to these classes.

Schedule for men's classes: Tuesday at 10 a.m.—Crystal Garden swimming.

Tuesday at 7:30 p.m.—Gymnastic apparatus and games at High School.

Wednesday at 8:30 p.m.—Tap dancing at Memorial Hall.

Thursday at 2 p.m.—Soccer practice at Central Park.

Thursday at 8 p.m.—Gymnastics at Lake Hill Community Centre.

Friday at 2 p.m.—Gymnastics at Y.M.C.A.

A meeting of the North Saanich Branch, Canadian Legion, was held in the Orange Hall, Saanichton, on Monday evening, Feb. 3rd, at 8 o'clock. The chairman, Comrade Garrard, called the meeting to order at 8:15 and the usual tribute to our fallen comrades was observed. At this time the chairman in a few well chosen remarks expressed the loss the Empire had suffered in the death of the greatly beloved King George V.

The minutes of the previous meeting were read and adopted and sundry items of branch business were disposed of and the chairman introduced the speaker of the evening, Comrade Jukes, who gave a very interesting talk on "Douglas Social Credit."

The speaker made a very good case for social credit, telling something of the history of its founder, Major Douglas, and dealing with the different phases of his subject in a very able manner.

The interest with which his address was received was evinced by the questions asked at the close of the address. Several members took part in the discussion and all agreed that a further talk from Comrade Jukes would be welcomed. The meeting adjourned at 11 o'clock with the singing of the National Anthem.

North Saanich is an ideal place in which to make a home. Good roads, good water, low taxes! And the surrounding scenery of mountains, islands, trees, flowers, etc., is magnificent.

## No more misery for the Moysters

"We were a miserable family when we were without a telephone," said Mrs. Alvin Moyster.

"Margaret—that's my eldest—was always bemoaning the fact that she was missing 'dates' because her boy friends couldn't call her. And young Jack was forever complaining that his pals couldn't get in touch with him. Yes, and Mr. Moyster and I felt the difference, too. It seemed that we weren't invited anywhere because our friends found it so hard to reach us."

"Thank goodness we've had our telephone put in again."

## "You can't stop stoking a steam engine" said Wrigley

Interviewed, and asked to what he attributed his phenomenal success, the late Mr. Wrigley, of chewing gum fame, replied, "To the consistent advertising of a good product."

"But," asked the reporter, having captured practically the entire market, why continue to spend vast sums annually on advertising?"

Wrigley's reply was illuminating.

"Once having raised steam in an engine," he stated, "it requires continuous stoking to keep it up. Advertising stokes up business and keeps it running on a full head of steam."

This applies to your business, too. Don't make a secret of your product. Tell people all about it. Tell them what it does. Tell them its advantages. Tell them where to get it. Tell them through the Press and keep on telling them.
